

# Is your waist in a tight spot?

Lose inches without surgery or pain

Ask us about the amazing Contour Light Treatment!

**FREE!** Most people lose 1 to 3 inches in one treatment session!

We are so confident in our results, we are willing to prove it to you! For a limited time, we are offering a free evaluation and free Contour Light Treatment!

## New and amazing technology

The light energy causes your fat cells to open and release their contents, leaving those cells deflated and reducing the circumference of the treated area. There is no pain, no bruising, no heat, no discomfort, no recovery time! It is safe, affordable and relaxing. We can treat any area of your body; neck, arms, belly, love handles, buttocks, inner and outer thighs, or anywhere you would like to have reduced in size.
